'I can do all things through Him who strengthens me.' Philippians 4:13

Monday, 16th March, 2020

Dear Parents,

Thank you for your support and understanding over the last couple of days. As I said last week, we continue to review all aspects of school life in respect of the Coronavirus.

This morning the staff took a collective decision to postpone where possible and cancel if not, all of the activities that we had planned for Science Week this week. There is clearly a lot of anxiety around at the moment and we feel it would be prudent to push these activities back to a time later in the year. We also decided that it would be sensible to postpone the Year 3 Easter production and any Class Assemblies due to take place over the next couple of weeks.

Otherwise we will continue to remain open up until the point at which we are directed by the Government to close, and will continue with the normal day to day running of the school. I have spoken with colleagues in other schools who are taking similar precautions, but otherwise carrying on as normal.

I appreciate that this will be disappointing for some of you, but hope that you understand we are taking steps to try and ensure that we all stay safe.

With regards to dropping off in the morning, I will be outside on the front playground from 8:40 am so that you can drop the children at the gates and go, without congregating on the playground. Of course if you need to speak with the office please do so, and if there is a message you want to give the class teacher, such as your child being collected by another parent, please drop an email in to the school. Collection at the end of the day will remain the same, as people are more widely dispersed at this point.

Again, thank you for continuing support and understanding.

With my very best wishes,

Martin Tinsley
Headteacher
